'TARZAN FINDS A SON'

Here is a scene from "Tarzan Finds a Son," new thrill picture starring Johnny Weissmuller and Maureen O'Sullivan, now playing at the Redwood Theater. The film took three years to make.

WPA FUNDS SOUGHT TO FINANCE CONSTRUCTION OF NEW SEWERS

EAST PALO ALTO, Aug. 30—Immediate action to secure Works Progress Administration funds for construction of a sewage disposal system in the newly-formed East Palo Alto Sanitary District was authorized at an organization meeting of the sanitary board last night in the Ravenswood School.

The board hopes to get $63,000 from the government and thus cut the cost to the district from $141,000 to $78,000. Nothing definite will be known, it is expected, for six weeks or two months.

In the meantime, negotiations will be continued with the City of Palo Alto for use of the municipality's outfall sewer.

The five board members, chosen at a special election last Tuesday, were sworn in and named William Lynch president. Mrs. Ruth Lew was made secretary. The other members are Harry W. Griffin, Carroll A. DaMant and Herbert Wheeler.

E. A. Wilson of the San Mateo law firm of Kirkbride & Wilson was retained as attorney and L. C. Macabee of Redwood City as engineer. Both were present last night.

Regular meeting dates will be fourth Thursdays at 8 p.m. in the Ravenswood School.

A pier at Gulfport, Miss., is large enough to contain six football fields.

Hog Ranches Hit By Northenders; Abatement Asked

Paul A. Wolter, subdivider in Northern San Mateo County Tuesday demanded that the board of supervisors enforce county ordinances against hog ranches, and that the Thomas Callan ranch near Daly City be abated as a nuisance. His demands were supported by a petition of 248 signatures.

Wolter declared the Callan ranch was less than 500 feet from a public highway, contrary to law; that its 3000 hogs created foul odors, noise, and conditions detrimental to health and welfare, and making the adjoining property undesirable for human habitation.

He also complained that nearby ranchers spread fertilizer from the hog ranches and allowed it to remain exposed for weeks, creating an intolerable condition.

"Why should we allow a few ranchers to jeopardize our property values?" he damnded.

Dr. C. C. Gans, health director, advised the board that the manner of handling fertilizer on the ranches was a "nauseating practice." At the suggestion of Supervisor H. H. Smith, the problem was referred jointly to the health department, agricultural commissioner, and district attorney for a report.

The board sold $600,000 in tax anticipation warrants to Bank of America on its bid of ¾ per cent interest per annum and a $12 premium. Only other bid was from American Trust Co. for 1 per cent interest and $203.16 premium. The warrants, to be issued Sept. 5 and redeemed Dec. 5, will finance the county government until collection of 1939-40 taxes.

Changing of street names and numbers in East Palo Alto was delayed at request of County Clerk W. H. Augustus, who said it would be impossible to correct election records before the special pension election Nov. 7. He said confusion would result if the changes, recommended by the U. S. Post Office and approved by the planning commission, were made at this time. The board agreed to make the changes after Nov. 7.

New Dance Studio To Open in R. C.

With schools well established in San Francisco, Daly City and Oakland, the Miss Rose Dance Studio will open a Redwood City branch Tuesday, Sept. 12, at the Moose Club on Arguello St. Classes will be given from 3:30 to 5:30, private lessons by appointment.

Miss Rose, who has been teaching for almost 10 years, specializes in instruction for children.

If you want to keep it a secret, don't put it in the Want Ads.

"Don't Pay Me One Penny Until You Have Worn My Plates for 30 Days"

No Money Down
Dr. Campbell prefers that you see and wear your plates before you pay for them by using his no money down easy payment plan. Dr. Campbell has made hundreds of plates without one penny down, and finds that patients are delighted with this policy as most people like to see and wear their plates before paying. There is no extra charge for credit, same price as cash.
(This offer applies to plate work)
These are our finest Plates. We have none better, no matter how much you pay us. NOW! Same low prices as our inexpensive rubber plates.

DU PONT
REG. U.S. PATENT OFF.
DENTAL PLATE
MATERIAL . . . so like Nature's own gums your closest friend can't tell. Plate material developed by world-famous du Pont Laboratories NOW HERE! This beautiful, moist appearing du Pont material is odorless, tasteless . . . yet with all its daintiness it is made to stand the roughest use. The light weight of du Pont or "Realistic" plate material (usually less than 1 ounce) makes it possible for Dr. Campbell to fashion a plate which will fill out your cheeks, so desirable for a youthful appearance.
PLATE REPAIRS
There's no need of buying a new plate when your old plate can be made to fit tight and look like new. Use DR. CAMPBELL'S dental laboratories for your next plate repair.
Dr. Campbell's FINEST Most Beautiful Dental Plates . . .
Made in Dr. Campbell's own laboratories. Each NATURAL shaded PORCELAIN tooth is set in the NATURAL gum-pink plate material as if it were growing there . . . They are so like one's own natural, healthy teeth and gums that your closest friend would never know the difference. These plates are thin, light weight (less than one ounce) and very dainty, yet they are made to stand the ROUGHEST USE.

Armistice Day Fete Planned

MENLO PARK, Aug. 30—Another anniversary of the event which sent khaki-uniformed regiments marching away from the tents between El Camino Real and the foothills will be celebrated in Menlo Park Nov. 11. Plans for the second annual Camp Fremont Day were made last night by a civic committee of 30 headed by Larry L. Johnston.

A parade, program, reception, barbecue, and dance are contemplated.

Participating in the arrangements are the Menlo Park Chamber of Commerce, Lions Club, Parent-Teacher Association, American Legion and Auxiliary, Native Sons and Native Daughters of the Golden West, Ramblers Club, historical society, Matt Harris Club, Taxpayers League, the Women's Club and its garden section, Italain Family Club, Masonic lodge, Red Cross, the Men's Club of St. Joseph's School, St. Joseph's Alumni Club and St. Joseph's Mothers' Club.

Former Sen. Samuel M. Shortridge has accepted an invitation to speak.

Ham-Eggs Circus Due Here Today

The "Ham 'n' Eggs Circus" which was the cause of a dispute between the County board of supervisors when it was discovered the county circus licensing ordinance is faulty, will hold performances at 2 and 8:30 p. m. today at Redwood City on El Camino Real just south of Five Points.

The circus, a three-ringed show with 26 acts, is touring the state with half the profit going to the pension fund and half to the circus employes.

To dispel the idea that potatoes are fattening, eight members of the British Women's League of Health and Beauty, all potato addicts, set out on a tour of seaside towns.

MENLO PARK NEWS

FRED ROURKE ILL

MENLO PARK, Sept. 1—Fred Rourke, of Stanford Park and a veteran of the World War, has gone to Letterman Hospital for treatment. Before the war Mr. Rourke was a prominent and influential politician in New York City, where he held many political positions of importance.

Mrs. Joseph Horn, wife of the assistant postmaster, is recovering from a recent operation and will soon greet her many friends.

It has been rumored for some time that a new theater building is to be erected on Santa Cruz Ave. The report cannot be verified. The present theater is giving good service. There's no need of another one.

Mrs. James L. Flood, it is said, is contemplating remodeling and enlarging her gate lodge on Middlefield Rd. for a residence which she will occupy. Her son, James, and his pretty wife and child live close by and she desires to be near them. Mrs. Flood recently gave her mansion on Pacific Ave., San Francisco, to the San Francisco College for Women. Mrs. Flood desires to spend her declining years in a cottage amid the scenes of her girlhood and social triumphs.

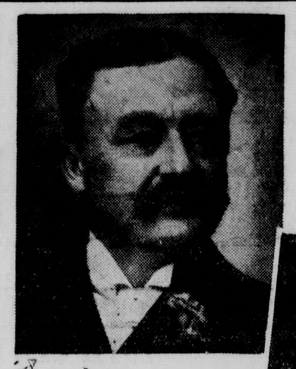
A number of large flocks of wild ducks have been seen flying to the Spring Valley Lakes from the marshes lately. This early flight is an old Indian sign of a very wet Winter. The hunter also foresees good shooting when the season opens in October.

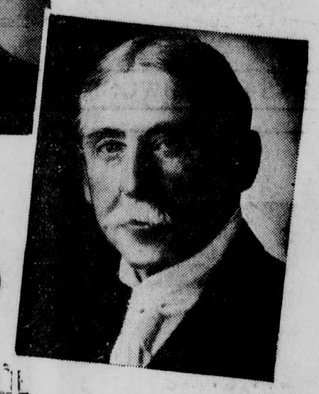
On Thursday evening, Sept. 7, at the Central School the Native Daughters will give a card party. New tables and cards, recently secured by the members of the parlor, will be used for the first time. The prizes are to be of unusual value.

Wednesday morning in the Palo Alto Hospital a daughter was born to Mr. and Mrs. Joseph Prein of Stanford Park.

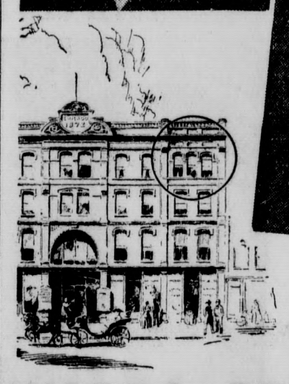
Mrs. Fannie I. Kurtz, the popular and efficient city clerk, is enjoying a 10-day vacation. Her son, Albert, and his charming wife are here from Hartford, Conn., for a brief vacation. Mr. Kurtz is engaged in research work. For some years he had been a government expert in that vocation.

The famous baths of ancient Rome were without one item we consider a necessity — soap. To rid a Roman of bodily soil, a slave wielded a strigil, or skin-scraper.





Left, A. Montgomery Ward, founder of the nation-wide merchandising organization which bears his name; Below, George R. Thorne, his partner; Below, the modest room on Clark Street in Chicago where the world's first mail-order business was started.



WARDS CELEBRATES 67th ANNIVERSARY

Company's History is Romance of Big Business

From a 12x14 foot room to one of the world's largest merchandise organizations—the brief outline of Montgomery Ward & Co.'s history—reads like a modern industrial fairy tale. It is the story of how two young men with a small capital and a big idea founded the world's first mail order business.

A. Montgomery Ward and the "Golden Rule"

The name "Montgomery Ward" is taken directly from one of its founders, A. Montgomery Ward. Early interested in merchandising, Ward traveled rural sections of the country as a salesman. He deplored the fact that the accepted attitude of business towards its customers was "let the buyer beware." Ward believed that by substituting the "Golden Rule" he would be able to offer a better merchandising service to rural areas. He interested a friend, George R. Thorne, in this idea, and despite the fact that business men of that day looked upon their idea as a "wildcat" venture, they rented a tiny room on North Clark Street, in Chicago.

Orders Pour In

The response to their first "circular," in which they promised "satisfaction guaranteed or your money back," was much greater than the two partners ever dreamed. Their small stock was quickly sold out. Humble though it was, the beginning of the mail order business proved to be the start of a great revolution in the merchandising practices of the time.

Business Expands

After a short while the small space could not accommodate all of their stocks, so they moved to larger quarters. The famous Tower Building, a Chicago landmark on Michigan Boulevard, was erected by the firm in 1899, and not long thereafter, the Company began to build large branch mail order houses at strategic shipping centers. Today there are nine such branch houses, covering the country from coast to coast.

Retail Stores Started

In 1928, the Company entered a new field of merchandising . . . the retail store. The idea of over-the-counter service originated with the opening of a "display store," in which the Company merely intended to exhibit selected items from the catalog. So insistent were customers that they be allowed to take merchandise with them that the firm decided to experiment with an actual retail store. The response to these new units resulted in rapid expansion, so that today, 67 years after its founding, the Company operates over 600 retail units in addition to its huge mail order business.

Little did A. Montgomery Ward and George R. Thorne realize, when they opened their small shop in Chicago 67 years ago, that one day their Company would rank as one of the leaders of modern retailing. The founders have passed on, but their "Golden Rule" policy has flourished, and in doing so has brought new and higher standards of living to almost one-third of the nation's families.

Delegation Problem Up

A drive for harmony and solid strength in the Republican party in California was planned today following an announcement by Bradford M. Melvin of San Mateo, chairman of the Republican State Central Committee, that he will shortly call a meeting of the executive committee to discuss selection methods for the California Republican delegation to the 1940 Republican National Convention.

"I shall shortly call a meeting of the executive committee of the Republican State Central Committee for the purpose of considering the manner in which the Republican party shall select the California delegation to the Republican National Convention in 1940," Chairman Melvin's terse announcement stated.

The executive committee consists of one member from each of the 80 state assembly districts and 20 members at large, and represents leading Republicans in every part of California.

Under the law, after notification by the Republican National Committee of the allocation of delegates to California, it is Chairman Melvin's duty to notify the proper authorities in this state of the number of delegates to represent California at the Republican National Convention.

The bringing together of all elements in the party in accordance with the chairman's announcement was interpreted as indicative of a unified party in 1940.

Inspired by the optimistic outlook for 1940, groups of Republicans in various sections of California already are making plans for next year's campaign, revolving around outstanding leaders. Chairman Melvin's announcement should avoid confusion that might result from efforts on the part of unofficial groups, in the opinion of political observers.

The ostrich is the oldest living form of bird.

LEGION URGES CONSTRUCTION OF UNDERPASS NEAR SEQUOIA

The active Redwood City Post 105, American Legion, which last year initiated a move which saw a new library and city hall constructed here, today urged construction of another project deemed of vital importance by many people.

The project is that of a pedestrian underpass between the Sequoia High School campus and the east side of El Camino Real at Broadway.

A resolution adopted by the Legion at its meeting Monday recommends to the city council, county board of supervisors and Sequoia High School Board of Trustees "that necessary steps be taken toward the financing and construction" of the underpass "when the widening of El Camino Real is done next year."

Communications are being addressed by the post to all civic, fraternal, labor and commercial organizations in Redwood City requesting support of the project, which is in line with the regular traffic safety program of the American Legion. Such a project had been advocated editorially by the Tribune.

Newly-elected officers of the Legion will be installed Sept. 20, joint installation ceremonies being arranged by a committee under the chairmanship of Comm.-Elect Charles W. Diel of the Legion and President Adeline Constanta of the auxiliary unit.

After hearing a report on the progress of Thomas Vernall at Fort Miley Hospital in San Francisco, arrangements were made for periodic visits by post members. Delegates to the recent department convention at Oakland submitted reports of committee activities to which they were assigned.

The oldest business institution in Mississippi is a newspaper.

Father's Petition For Lees' Estate Granted

Petition of Robert Lees of San Mateo for letters of administration in the estate of his son, Alexander, who committed suicide Aug. 1, was granted Monday by Judge Maxwell McNutt. The petitioner was required to post $100 bond, and Atty. F. E. Hoffmann predicted the estate would be appraised at less than $1000. It would make little difference, he said, whether or not the child, Brenda Alexis Lees, 1½, by Miss Pauline Williams of San Francisco, participated in the estate. Although she was declared to be Lees' daughter in a decision by Judge McNutt June 29, the child's name was not listed as an heir in the petition. Lees died intestate.

If you lived on the moon, you could see the sun and the stars at the same time.

Secret State Report On Loan Firm Barred

A secret state report on the condition of State Guarantee Corp., holding company for Pacific States Savings & Loan, was barred Tuesday from the $3,000,000 action brought by minority stockholders in superior court at Redwood City.

The minority group, led by George A. Bostell, has asked that the State Guarantee Corp. and Pacific States be declared insolvent, and that the stockholders recover $3,000,000 from alleged profits from corporate manipulation. Defendants are Robert S. Odell of Atherton, president of Pacific States; his wife, Helen; his mother-in-law, Mrs. Phoebe M. Stewart, and the two corporations.

On the stand this morning in Judge Warren V. Tryon's court was Ivan T. Grace, deputy state corporation commissioner, with the secret report in response to a court order.

Grace argued that the report was incomplete and confidential, and on motion by defense attorneys it was ruled inadmissable.

Judge Tryon instructed both sides to submit affidavits within the next week.

$15 FOR 70-MILE SPEED

Ralph R. Aylwin, 27, San Francisco clerk, paid $15 to Judge E. I. McAuliffe Tuesday on a charge of speeding 70 miles an hour. He was arrested Aug. 19 by the state patrol.

More Water Obtained For Southern Area

San Francisco Water Department has signed a new agreement with the California Water Service for delivery of an additional million gallons of water daily to the Menlo Park-Atherton area.

The company has been taking a million gallons a day from the Hetch Hetchy supply. Provision of the new contract is that the company make a second deposit of $28,000 toward cost of the $360,000 pipeline between Redwood City and Palo Alto.

Australia ships millions of frozen rabbits to Europe annually for food.

Leslie M. Rudy Of S. F. Named To Harbor Post

Resignation of Murphy Had Been Expected By Commission

Resignation of Walter F. Murphy as manager of the Port of Redwood City and appointment of Leslie M. Rudy of San Francisco as his successor were announced here by the Board of Port Commissioners through Henry A. Beeger, president.

The resignation of Murphy, manager of the municipal harbor since its opening two years ago, was accepted by the commission at a special meeting Tuesday. Pres. Beeger said that because the resignation was not unexpected, applicants had been interviewed for the position and the board of five commissioners had unanimously agreed on appointment of Rudy to the position.

MURPHY

Rudy will take over his new duties Friday, Sept. 1, to serve at the pleasure of the port commission. Murphy was granted a month's vacation by the board.

TO MOVE HERE

Rudy, who is 34, married, and the father of a girl, 1 year old, plans to move at once to Redwood City. At present he is engaged in the ship brokerage business in San Francisco and is on the staff of the Waterfront Employers Association.

Rudy has had 15 years' experience in the shipping industry; has made a special study of traffic rates, regulations and laws applying to shipping, and "has good connections with high officials of steamship and canning firms in the Santa Clara Valley," where much of the Redwood City Port's business is expected to come from, Beeger said. Rudy is a native of San Francisco and has spent most of his life in that city. At present he lives at 14 Forest Side.

PORT SELF-SUPPORTING

Murphy, who lives at 850 Whipple Ave. with Mrs. Murphy, was appointed manager of the port on July 1, 1937, and has guided its development to the point where it now is a terminal for lumber, petroleum products and canned fruit. In the less than two years since its opening at the formal ceremonies Sept. 11, 1937, the port has been placed on a self-supporting basis, with prospects bright for a profit being realized from operations this year.

To date, 113 commercial vessels have visited the harbor, 10 of them this month—six lumber boats and four barges laden with gasoline for the new Standard Oil storage depot located at the port. One schooner, the Esther Johnson, discharged its lumber cargo at the harbor yesterday.

CANNED FRUIT ALSO

In addition, cases of canned fruit are being shipped here daily by Schuckl & Co. from Sunnyvale for storing preparatory to shipping to all parts of the world next Winter.

Murphy said today that he planned to take a position in San Francisco that he was not at liberty to discuss nature of as yet. He expects to begin his work there after taking his vacation, he said.

FOUR AUTOISTS ESCAPE INJURY IN WRECK, FIRE

Four San Franciscans narrowly escaped serious injury in Redwood City at midnight Tuesday when the car in which they were riding hit the rear end of a machine driven by Frank Rodman, 40, a Belmont cafe employe, at Brewster Ave. and Bayshore Hwy., then struck a highway marker and turned over, catching fire.

According to a report by Redwood City police, passengers in the San Francisco bound car were Frank S. Skorlich, 42, driver, and Mrs. Skorlich, 37, and Mr. and Mrs. Frank Povich.

Highway Patrolmen Walter Sequiera and James Dalziel, who happened on the scene several minutes after it happened, extricated the foursome from the car. They summoned the Redwood City Fire Department, but had the car fire under control by the time the equipment arrived. The machine was badly damaged.

Rodman told officers, according to the report, that he had stopped at Brewster for "ten minutes" allowing cars to pass, and he did not see the northbound Skorlich automobile as he pulled onto the highway. Rodman's machine was only slightly damaged, but officers cited him for driving without an operator's license.

Production of gas masks is now an important part of the rubber industry in the United Kingdom. A Scottish rubber firm has recently acquired a factory for an output of 140,000 masks per week.

Others Show Varied Gains

Three of San Mateo County's 13 municipalities will pay county taxes at a lower rate this year compared to 1938-39, the 10 others showing rate increases ranging upward to more than 49 cents in the case of Belmont, County Controller Thomas J. Kane revealed.

Redwood City's county rate will be $2.5730 per $100 assessed value, compared to $2.509 last year, an increase of 6.4 cents.

Burlingame's county rate will be $2.8587 compared to $2.751 last year, a gain of 10.77 cents.

San Mateo's new rate is $2.6508 compared to $2.629, a boost of 2.18 cents. That portion of the city in the Pulgas Mosquito Abatement District will pay $2.6626 compared to $2.635.

Largest decrease was in San Carlos, where the county rate dipped 13.61 cents. Daly City will pay a rate 2.71 cents lower and Lawndale 3.91 cents per hundred less.

Of Redwood City's increase, all was attributable to the general county rate (up 8.96 cents), the county library (up 1.84 cents) and the Pulgas Mosquito Abatement District (up .38 cents). The 11 school rates, including junior college, showed a net decline of 4.78 cents. The comparative rates:

REDWOOD CITY

Item	1939-40	1938-39

CARETAKER IS ARRESTED

Joseph E. Turek, 55, county employe, will be tried by Judge E. I. McAuliffe Thursday on battery charges filed by 15-year-old George Andrews of East Palo Alto. Andrews charges that Turek, caretaker of the county dump at Cooley's landing, "slapped him down" in a dispute over garbage dumping. Turek, arrested and released on his own recognizance, denied the charge.

Maps for Crossings On Sloughs Completed

Maps and tracings of proposed crossings of the Corkscrew and Smith sloughs around Bair Island, Redwood City, to permit construction of roads and development of industrial areas have been forwarded to the War Department, County Engineer M. A. Grant announced here. The county is asking that the two sloughs, listed as navigable on government maps, be closed to permit the road construction.

The proposed timber pile trestle to be built across Smith slough would be located .2 mile west of the junction of the slough with Redwood Creek. The trestle across Corkscrew Slough would be .2 mile west of the junction with Redwood Creek. Both trestles would have bents 15 feet center to center and clearance of 3.6 feet at mean high water.

Interested parties may express their views as to the effect that construction of the trestles will have on commerce and navigation in the waterways and any objections in writing in triplicate to R. C. Hunter, major, corp of engineers, 401 Custom House, San Francisco, before 11 a.m. Sept. 12.

Payment of Pledges For Chest Requested

An appeal to subscribers to Redwood City's Community Chest to complete payment of current pledges as soon as possible so that the benefiting organizations will not be required to curtail their programs was made by chest directors today.

At the same time, it was disclosed that O. K. Whittenburg of 160 Harrison Ave. had volunteered to contact subscribers delinquent in their payments in an effort to get in the nearly $600 yet outstanding. Whittenburg, prominent in veterans' affairs, is past state commander of the Disabled American Veterans and is a trustee of the Redwood City Library.

All the outstanding funds are needed to insure continuance of programs for the remainder of 1939 for the benefiting agencies, which include Young Men's Christian Association, Boy Scouts, Girl Scouts, Humane Society, Preventorium, and Salvation Army.

The 1939 chest campaign will begin Oct. 2.

Charles Darwin, originator of the survival of the fittest theory, was quite unfit himself, physically.

LOW FLYING IS CHARGED

Mrs. R. F. Stainer, 726 3rd Ave., Friendly Acres, has protested to the sheriff's office that a yellow airplane made a practice of flying low over her home. The complaint was forwarded to Department of Commerce inspectors at Mills Field.

Hind feet of animals that bound, including the rabbit, track ahead of the front feet.

Preview of Show Given Exchangites

Entertainment that residents of Mountain View had to attend a theater to see was given to the Redwood City Exchange Club here night when pupils of Mrs. Helen Hucke of San Carlos, singing instructor, and of the Beaudoin Dance Studio in Palo Alto presented a program just before going to the other Peninsula city for the first of three nights' performances.

Accompanied by Mrs. Heston Beaudoin at the piano, Charlotte Ross and Beverly Bartholomae of Palo Alto did three tap dance numbers; Robert Stebbins of San Carlos sang a trio of songs and danced, and curly-haired 3-year-old Ross Beaudoin, son of Mr. and Mrs. Beaudoin, sang two numbers. Mrs. Hucke was accompanist for Miss Paul Beckwith of San Carlos, who sang a group of songs. Young Stebbins, who was disclosed to have been invited to sing at the Swiss Eisteddfod at the World's Fair this weekend in which the Bel Canto Chorus also is singing, is a pupil of both Mrs. Hucke and the Beaudoins.

All the numbers were warmly applauded by the Exchangites, who then heard P. M. Williams, local station operator, describe his recent three-week trip to Mexico City with his son. Williams pointed out that now is the ideal time to make a trip into Mexico because of the climatic conditions this time of year. Harvey E. Conner was chairman of the evening.

Special Practice Set By Chorus for Meet

Redwood City's Bel Canto Chorus went through a three-hour rehersal Tuesday and scheduled a special rehearsal Friday to complete work on "Hallelujah Chorus" and "Laudamus," the two contest numbers in the Eisteddfod Musical Festival at Treasure Island Saturday night. The 95-voice Redwood City organization will be one of the last groups to appear in the competition at Festival Hall on the island.

Farm Loan Bonds Held Untaxable

The United States Circuit Court in San Francisco has held that profits derived from the sale of bonds issued under the Federal Farm Loan Act were not taxable by the federal government.

The ruling was made on an appeal by Ashley O. Stewart, Atherton capitalist, from a decision of Federal Judge Walter Lindley who had decided a profit of $84,275 made by Stewart in 1931 represented profit and not income from sale of the bonds.

The bonds were acquired by Stewart from the Joint Stock Land Banks of Kansas City and Milwaukee. Terms of the firm loan act provide such bonds are exempt from all forms of taxation.

The Belgian Congo is approximately the size of the 15 southern states of the United States.

Ceremonies Set For Coast Road Fete Sept. 17th

Governor Olson, the boards of supervisors of San Mateo, San Francisco and Santa Cruz Counties, and a host of other dignitaries will be invited to the ceremonies Sept. 17 for the opening of the Waddell Creek-Davenport sector of the Ocean Shore Hwy., Supervisor Alvin S. Hatch announced here

The ceremonies will start in the morning with a ribbon-cutting ceremony on the highway, followed by a luncheon at Davenport.

Supervisor Hatch gave the following statistics comparing the new and old roads through the section:

	Old	New
Length	10.3 miles	8.2
Number curves	150	17
Total curvature	530 degrs.	270
Minimum radius	55 feet	2000
Maximum grade	7.68%	7.3
Highest elevation	510 feet	213
Lowest elevation	15 feet	15
Total rise and fall	395 feet	198

He anticipated the road would be open to traffic Saturday.

Among our favorite town names: Loafers' Glory, N. C.

Move To Put Plan in Effect

In an official step to make good its pledge to comply with recommendations of the United States Public Health Service survey of the county health department, the board of supervisors today had requested State Health Director Walter M. Dickie to supply the names of any eligible doctors for the position of assistant director of health and welfare to be placed in charge of the public health division.

At the conclusion of the meeting of the board Tuesday after noon, Chairman H. H. Smith reviewed the board's pledge, contained in a letter to Dr. Dickie Feb. 23, 1939, authorizing the survey. In the letter, Smith wrote: "I am authorized to say it is the intent of this board to comply with such suggestions and recommendations as can be reasonably adopted under our county charter."

ONE COURSE OPEN

The letter was in reply to a request from USPHS that such a pledge be made. It followed a letter written Feb. 15 by County Executive Frederick Peterson, which said: "The board of supervisors, I feel certain, would not have ordered this expenditure of public funds (for the survey) unless they fully intended to carry out the recommendations to the best of their ability."

Smith pointed out that of three recommendations contained in the "Summary of Principal Recommendations" in the federal report, Plan C was the only one upon which the board could act, the two others requiring a vote of the people on charter amendments.

Plan C reads as follows: "Constitute existing county public health services as a separate and distinct division of public health in the present county department of health and welfare; appoint an assistant director of the department of health and welfare to be head of the division of public health, who shall possess not less than the minimum qualifications prescribed for health officers by the Conference of State and Territorial Health Officers."

FUNDS AVAILABLE

In view of the board's pledge, Smith directed the county clerk to address a letter to Dr. Dickie notifying him that the board had appropriated "proper funds" ($3000) in the budget to employ an assistant to supervise the health division, and to inquire if the state department has on file any applications of doctors who would be available for the position.

Dr. C. C. Gans, incumbent director of health and welfare, said that he had no comment to make on the board's action. However, he declared, his was the power to appoint an assistant.

Discussion of differing proposals from the recreation and planning commissions for purchase of park lands in and around Coyote Point, scheduled for yesterday's meeting, was delayed. Planning Adviser Ronald Campbell said he postponed forwarding the recommendations to the board until such time as he could secure an exact description of the Bowie Estate lands, acquisition of which was urged by the recreation commissioners.

PROPOSALS DIFFER

The recreation group proposed that the county acquire the wooded knoll known as Coyote Point, a lagoon to the south of the point, plus certain tidelands around it. Campbell said he had no exact description of the property. The planners urged that the county accept the Howard Estate offer to buy 393 acres, including Peninsula Beach and tidelands around the point, for $45,000 less accrued taxes.

The district attorney was instructed to investigate a complaint that the Tom Callan hog ranch near Daly City constituted a nuisance.

The state Railroad Commission's ruling that the county must pay 50 per cent of costs of signals at the Fifth Ave. railway crossing in North Fair Oaks was referred to the county engineer. The proposal listed the cost of the signal at $3992, of which the county would pay half, plus $144 more for guard arms, all of which would be shouldered on the county. Supervisor John W. Poole questioned the correctness of the $144 item.

Scout Trophies Put On Display in R. C.

Trophies won by Redwood City Boy Scout Troop 160 and San Carlos Troop 153 in the San Mateo County council swimming meet last Saturday will be on display for a week at the Redwood City Hardware Co. on Broadway.

The trophies being shown include the Thomas C. Douglass Trophy awarded troop 160 for winning the council competition; the council's second-place cup, won by troop 153, and the Redwood City Lions Club Trophy, also won by troop 160 for placing first in the southern council division swim.

Tom Robinson Held After Accident Here

Tom Robinson, 26, now living on Seventh Ave., North Fair Oaks, today was in trouble again.

Robinson, who figured in the news when he shot himself in the chest with a .22 caliber rifle after a drinking party on July 4, is in the county jail for driving while drunk. Robinson, a brother of Kathleen Robinson, whose murder in San Mateo several years ago has never been solved, has been in jail a number of times on charges of being intoxicated.

Robinson was arrested Sunday after a three-car collision at 4:25 p.m. on Broadway near Hamilton St., in which Mrs. James Rice, 30, 1123 Cleveland St., Redwood City, was slightly hurt.

According to a report filed by Redwood City police, Robinson ran into the rear end of the machine driven by James Rice, 31, which was backing out of a parking space on Broadway, and causing the Rice auto to crash into a parked car belonging to Mrs. Henry Stebbins, 49, Holly St. and Old County Rd., San Carlos. Pleading guilty before Judge E. I. McAuliffe this morning, Robinson was sent to jail for 20 days.

S. M. Man Tells Of Findings

Like his predecessor, Lawrence W. (Larry) Barrett of San Mateo, new chairman of the State Highway Commission, believes an increase in the state gasoline tax is the "only way out" of the dilemma over lack of funds for needed road projects.

Barrett, however, proposes a 2-cent boost in the gasoline tax. Former Chairman H. Ray Jud'ah of Santa Cruz had proposed "unofficially and personally" at a meeting in Redwood City Mar. 30, 1938, on the El Camino Real widening project that he believed a 1-cent increase was necessary. The state tax is now 3 cents a gallon; the federal tax 1 cent.

Widespread approval of Barrett's proposal has been given highway users throughout California, he declared last night.

"California's highway system," said Barrett, "is threatened with serious deterioration unless additional road revenues can be provided soon. State highway income available for the two-year period ending June 30, 1941, is less than half of the estimated cost of road improvements urgently needed to relieve dangerous congestion."

INCREASED USE SEEN

Barrett declared improvement of many state roads now showing a small traffic count would result in greatly increased use and the consumption of additional gasoline, bringing in more funds from that tax source. Examples of other states, he declared, prove the users of the roads are willing to pay for their improvement.

Barrett said he believed a statewide series of meetings would "be helpful" in informing the people of the need for additional road funds "because, in the final analysis, the people who use the roads will have to approve any new financing plan, whether it is a bond issue, a readjustment of automobile license fees or increased gasoline taxes for a limited period."

"More than $500,000,000 has been invested in California state highways," said Barrett, "and motorists have been enjoying the use of these splendid facilities at bargain rates. Only three states have a lower gasoline tax than California."

California, with more motor vehicles than any other state and with the second largest area, ranks 45th in highway revenue, Barrett said.

MORE ROADS ADDED

Addition of some 6800 miles of county roads to the state system, including more than 1000 bridges which are obsolete for present traffic loads and the fact that highway replacements are falling behind at the rate of 151 miles of road and 38 bridges annually are reasons for the "serious situation confronting the highway officials."

Barrett said the governor's budget "shows a total of $28,066,000 is available during the 1939-41 period for major projects throughout the state, as compared with projects totaling $52,000,000 which were recommended as urgent by the highway engineers from our 11 districts."

"This $52,000,000," the highway chairman emphasized, "did not include widening and strengthening some 400 bridges now posted for limited loads because they are unsafe for the legal load limits. This bridge work alone would require $11,000,000, and there would still be about $19,000,000 needed to bring all the highway bridges up to modern standards of safety and width."

Barrett said "the dropping off of federal good road funds" also has added to the difficulties of financing road work.

MRA Challenge Given Thousand At P. A. Meeting

PALO ALTO, Aug. 30—Lives of many of the Peninsula's highborn and lowly were touched last night by the challenging world-wide forces of Moral Rearmament at a mass meeting attended by more than a thousand men and women who filled every chair which could be crowded into the Palo Alto Civic Theater auditorium and stage.

The audience included names in the Social Register as well as labor leaders and their wives, bankers and farmers, college professors and storekeepers.

Simply and with impressive earnestness, 12 speakers—several from the far-corners of the world—described how Moral Rearmament, as symbolized by the abbreviation MRA, had remolded their own lives and will, according to their convictions, re-shape the destiny of all mankind.

A British general, who had been a great name among Kitchener's "contemptibles" who fought in Flanders Fields back in 1914, termed MRA "the only solution for achieving permanent world peace." A wizened former anarchist and agitator said the movement will solve all labor and industrial difficulties. With shining eyes, the tall young president of last year's senior class at Vassar College emphatically said MRA "will provide youth of the world with self-respect, a proper niche and a man-size job."

Dr. Frank N. D. Buchman, founder of the Oxford movement and initiator of MRA, termed the movement "the triumph of a God-given thought which occurred to me while I was walking through the woods on my 60th birthday."

Brig. Gen. Peter Winser, V. C., described horrors of the battlefields and said the professional soldier abhors war, "especially armed conflict in labor disputes."

Tod Sloan, former member of the Communist internationale and one-time anarchist, said that for 40 years he worked for class war among the underprivileged of London.

With a pronounced Cockney accent, he declared, "All the time I was wyting for the dye when my class would tyke off."

MRA, he continued, offers the only basis for permanent solving of disputes between capital and labor.

MAKES TESTS FOR RADIO

Elmer Ross, San Mateo radio technician, today was conducting tests from the roof of the courthouse annex to determine the range of a shortwave police radio from Redwood City. The tests were authorized by the board of supervisors prior to installing a two-way radio in the sheriff's office.

Commodore Fromm Wins Sailing Event

Commodore August J. Fromm, head man of the Sequoia Yacht Club, braved a blustery blow off the bay Sunday afternoon in his Snipe sail boat and won the event from a field of three in that class in the local club's twice-monthly races.

Finishing second was Jack (Fish) Scales of Atherton and Jack Caffey of Redwood City was third.

In the handicap races, Clifton H. Woodhams was first.

Although there were no serious accidents, the day proved a costly and disappointing one for E. M. Klevesahl of Lomita Park, whose brand new National One Design sail boat, first of its kind in the South Bay, was dismasted.

Next racing event will be the annual Labor Day competition, Fromm said.

The 1938 cotton crop in Texas was valued at $129,000,000.
